Colour

Slate Grey RAL 7015m

Anthracite Grey RAL 7016m

White RAL 9910m

Quantity:

Please Note:

Your tolerances must be included in your written dimensions. We will then include our 48mm tolerance to allow for subframes

Balustrade calculations must be made before installation of the door

Our Balustrade is tested to BS6180 when purchased as Subframe, U Channel & Glass. Systems not purchased as a whole, cannot be classed as fully tested.

U Chanel sections are 1100mm height to meet building regulations
